Tenderer's Technical Offer *(Note 3)*

Restoration/Refurbishing Works

The following are the key components to the Technical proposal and thus each section below is to be tailored by the Contracting Authority to the specific requirements of the tender and in particular should reflect what is requested in the Specifications (Section 4).

A technical offer is to be provided by the Economic Operator in response to Technical Specifications. The submission shall be in a structured form and is to be in the same sequence as listed hereunder for ease of reference and evaluation.

The Technical Offer shall constitute the following:

1) A Programme of Works (Gantt Chart) in relation to works envisioned for this tender to be implemented in sixty weeks. This shall incorporate mobilisation or works, completion, commissioning and hand over of the works for the following:

A) Demolition Works
B) Masonry Works
C) Concrete Works
D) Roofing Works
E) Drainage and Rainwater Systems
F) Electrical Low Voltage Works
G) Extra Low Voltage Systems
H) Plumbing System
I) Ventilation Systems
J) Disabled Passenger Lift systems
K) Joinery Works
L) Aluminium works
M) Finishes to Walls and Ceilings
N) Floor finishes
O) Metal Works
P) Concrete Repair and Restoration Works

2) A description of any quality assurance system that will be in place during the implementation of the works.
3) Health and Safety Plan
4) Construction Management Plan

Technical Offer Declaration:

I / We declare that as part of our technical offer, we confirm that the works will be carried out in accordance with the Technical Specifications (Section 4), as detailed in the Bills of Quantities and as per Drawings.
