Clarification Nos 1

Reference is made to Article 7 of the Instructions to Tenderers, Selection and Award Requirements - Part C Technical Specifications point (i) Technical Offer – the first bullet point listed under Strategy now reads as follows:

- **An outline of the approach proposed for contract implementation.**

The same applies for the first bullet point under strategy in the actual technical offer form.

Gantt Chart – now reads as follows:

A gantt chart of a programme of works of not more than 20 weeks. Once the contract is awarded, the Programme of Works may be revised together with the Contracting Authority.

This also applies to the reference of the gantt chart in the technical offer form.
